A Premium Brand Built Over 175 Years
Forward-Looking Statement

Certain statements contained in this presentation are forward-looking in nature. These include all statements about People's United Financial, Inc. ("People’s United") plans, objectives, expectations and other statements that are not historical facts, and usually use words such as "expect," "anticipate," "believe," "should" and similar expressions. Such statements represent management's current beliefs, based upon information available at the time the statements are made, with regard to the matters addressed. All forward-looking statements are subject to risks and uncertainties that could cause People's United’ actual results or financial condition to differ materially from those expressed in or implied by such statements. Factors of particular importance to People’s United include, but are not limited to: (1) changes in general, international, national or regional economic conditions; (2) changes in interest rates; (3) changes in loan default and charge-off rates; (4) changes in deposit levels; (5) changes in levels of income and expense in non-interest income and expense related activities; (6) changes in accounting and regulatory guidance applicable to banks; (7) price levels and conditions in the public securities markets generally; (8) competition and its effect on pricing, spending, third-party relationships and revenues; (9) the successful integration of acquisitions; and (10) changes in regulation resulting from or relating to financial reform legislation. People's United does not undertake any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
A Premium Brand Built Over 175 years

• Leading market position in one of the best commercial banking markets in the U.S.
• Customer centric approach to banking
• Diversified portfolio of products & services
• Relationship profitability focus
• Consistent and sustainable earnings growth
• Exceptional risk management & asset quality
• Consistent cash return of capital to shareholders

Unwavering commitment to building a strong banking franchise for the long-term
Founded in 1842, People’s United is a premier, community-based regional bank with leading positions across the large and attractive banking markets of the northeastern United States.

Corporate Overview

Assets: $44.1 Billion
Loans: $32.1 Billion
Deposits: $32.9 Billion
Branches: Approx. 400
Market Capitalization: $6.3 Billion
Dividend Yield: 3.7%

Expertise in Consumer, Business, Commercial Banking, Wealth Management, and Insurance Solutions

Acquisitions (Equipment Finance)
Successful In-Store Branch Strategy

In-store locations are open 37% more hours per week, but are approximately 30% less expensive to operate

- Operate 148 in-store branches at Stop & Shop grocery stores in CT & NY
- Leverage People’s United brand with the ~3.3 million shoppers who visit CT & NY Stop & Shop locations each week
- Offer same products and services as a traditional branch
- Utilize hub and spoke strategy
  - In-store locations situated near a traditional branch
  - Customers often use both in-store and traditional locations
- Open 56 hours per week versus 41 hours for a traditional branch

Long History of Relationship Management

Our ability to build deep, multi-product relationships not only satisfies the needs of customers, but also improves the Company’s profitability

- Long-term relationships with customers; average tenure of our top 25 relationships is ~16 years
- Local decision making; customers relationships are with local management
- Single point of contact with customers; break down silos to present a full range of solutions comparable to that of larger banks
- Senior management frequently interacts with customers
- Reputation and word-of-mouth referrals often drive new business
- Broad distribution: ~400 branches across six states, ~600 ATMs, online and mobile banking
- Call center operations locally located in Bridgeport, CT and Burlington, VT

Since 2009 Greenwich Associates* has granted People’s United 42 awards for Excellence in Middle Market and Small Business Banking

*Greenwich Associates is the leading provider of local market intelligence and advisory services for the banking industry.
Diversified Loan Portfolio by Product

Successful geographic expansion, organic growth, opportunistic acquisitions, investment in talent and new business initiatives have driven continued growth

($ in billions, end of period loan balances)

Focusing on Revenue Growth: Net-Interest Income

Net interest income in 2017 & 2018 benefited from higher yields on new business and the upward repricing of floating rate loans, while loan growth outweighed net interest margin compression in prior years.

Focusing on Revenue Growth: Non-Interest Income

Strengthening non-interest income organically and via acquisition despite industry-wide headwinds related to bank service charges

Aspire for 30% of total revenues to be derived from non-interest income

1Excludes:
- Security losses of $10 million in FY 2017 incurred as a tax planning strategy in response to tax reform and deemed non-operating given their non-recurring nature.
- One-time gains of $9 million in 2015 (payroll services sale) and $21 million in 2014 (merchant services joint venture).
Enhancing Wealth Management Business

Some of the country’s most attractive demographic markets for potential Wealth clients are within People’s United footprint

Preparing for the $50 Billion Asset Threshold

Goal is to complete the process internally and avoid unusual one-time costs

• In 2015, People’s United formed a program, “B50B” or “Be $50 Billion”, designed to further drive the organization to meet the heightened expectations with predictability, sustainability and scalability. At the foundation of the program are the following core elements:
  – Corporate governance
  – Organizational structure / staffing
  – Policy / process / procedure
  – Control, model and data governance

• Given the strategic priority of B50B, a steering committee was established to oversee the program’s success
  – Committee is chaired by the CEO
  – Reports to the Executive Risk Oversight Committee and, at the Board level, the Enterprise Risk Committee

• Within B50B, cross-functional readiness review teams were assigned to key requirements identified as critical to crossing the $50 billion asset threshold
  – Readiness review teams include seniors leaders from the impacted area as well senior leaders from Information Technology, Legal, Compliance/Risk, and Audit
  – These teams have completed gap analyses on each of these requirements
  – As a result of this analysis, the Company continues to build out modeling, data management and staff capabilities

• In recent years, the Company has made investments to its corporate infrastructure in areas such as enterprise risk management, model development and validation, internal audit, compliance, operational risk, and BSA/AML
Continuing to Enhance Profitability

Our consistent, customer-centric approach to banking combined with a full range of products and services differentiates People’s United and further enhances profitability.

Income Per Common Share

CAGR: 8%

2012: $0.72
2013: $0.74
2014: $0.84
2015: $0.86
2016: $0.92
2017: $0.97
1Q 2017: $0.22
1Q 2018: $0.30

12017 results were notably impacted by merger-related expenses of $30.6 million pre-tax ($22.0 million after-tax)
Consistent Return of Capital

Our prudent management of capital has enabled us to grow the business organically and invest strategically in the franchise, while also providing a consistent cash return of capital to shareholders.

Common Stock Dividend Per Share

25 Consecutive Years of Increases

One of the Company’s most important objectives is protecting the dividend as the franchise grows in size.
Reducing Common Dividend Payout Ratio Through Earnings Growth

The common dividend per share was not adjusted despite the share count increase from the 2007 second step conversion and led to an outsized common dividend payout ratio.

Common Dividend Payout Ratio

Note: The Company repurchased 86 million common shares from 2010-2013

1Q 2018 Common Dividend Payout Ratio: 56%
Moving Forward

We are committed to provide superior service to clients and remain confident in our ability to deliver value to shareholders

- Further expansion in New York Metro and Greater Boston areas, while continuing to strengthen multi-product relationships across heritage markets and grow national businesses
  - Build upon recent acquisitions of Suffolk Bancorp, LEAF and Gerstein Fisher
  - Expand commercial verticals e.g. Healthcare, SBA Lending

- Leverage recently implemented customer relationship management system
  - Improve sales force effectiveness and accelerate referral activity
  - Broaden customer relationships

- Enhance technology and marketing capabilities
  - Utilize technology to improve efficiencies and customer experience
  - Invest in digital marketing with new tools and usage of data
  - Improve customer acquisition and retention

- Introduce new products and product enhancements to better serve customers and further diversify revenue mix
  - Build-out syndications capability to compete on larger transactions
  - Continue to improve international services

- Continue to enhance large-corporate and government banking businesses
  - Leverage recent selections to manage core banking services for Massachusetts and Vermont

- Further strengthen deposit gathering capabilities across the franchise
Shareholder Focused Corporate Governance Structure

- Diverse Board of Directors with broad experience, expertise and qualifications

- Position of Chief Executive Officer separate from Chairman of the Board since 2008

- Ten of the Company’s twelve directors are independent
  - Independent members of Board meet regularly in executive session
  - Bylaws require non-executive Chairman of the Board be an independent director
  - Each member of Compensation, Nominating and Governance Committee is independent

- All directors elected annually
  - Election of directors by majority vote, not plurality vote

- Board conducts annual self evaluation

- Compensation program for senior executive officers aligned with pay for performance principles
  - Stock ownership guidelines (CEO 5X base salary, other senior executive officers 3X base salary)
  - Incentive compensation clawback policy adopted
  - Prohibition on hedging and pledging
## Community Partnership Matters

¹ Capital ratios at March 31, 2018 reflect the reclassification of approximately $38 million from AOCI to retained earnings representing the stranded tax effects arising as a result of the enactment of the Tax Cuts and Jobs Act. The reclassification favorably impacted capital ratios by approximately 11 basis points.

</table>
In addition to evaluating People’s United Financial Inc. ("People’s United") results of operations in accordance with U.S. generally accepted accounting principles ("GAAP"), management routinely supplements its evaluation with an analysis of certain non-GAAP financial measures, such as the efficiency and tangible common equity ratios, tangible book value per common share and operating earnings metrics. Management believes these non-GAAP financial measures provide information useful to investors in understanding People’s United’s underlying operating performance and trends, and facilitates comparisons with the performance of other financial institutions. Further, the efficiency ratio and operating earnings metrics are used by management in its assessment of financial performance, including non-interest expense control, while the tangible common equity ratio and tangible book value per common share are used to analyze the relative strength of People’s United’s capital position.

The efficiency ratio, which represents an approximate measure of the cost required by People’s United to generate a dollar of revenue, is the ratio of (i) total non-interest expense (excluding operating lease expense, goodwill impairment charges, amortization of other acquisition-related intangible assets, losses on real estate assets and non-recurring expenses, (the numerator) to (ii) net interest income on a fully taxable equivalent ("FTE") basis plus total non-interest income (including the FTE adjustment on bank-owned life insurance ("BOLI") income, the netting of operating lease expense and excluding gains and losses on sales of assets other than residential mortgage loans and acquired loans, and non-recurring income) (the denominator). People’s United generally considers an item of income or expense to be non-recurring if it is not similar to an item of income or expense of a type incurred within the last two years and is not similar to an item of income or expense of a type reasonably expected to be incurred within the following two years.
Non-GAAP Financial Measures and Reconciliation to GAAP

Operating earnings exclude from net income available to common shareholders those items that management considers to be of such a non-recurring or infrequent nature that, by excluding such items (net of income taxes), People’s United’s results can be measured and assessed on a more consistent basis from period to period. Items excluded from operating earnings, which include, but are not limited to: (i) non-recurring gains/losses; (ii) merger-related expenses, including acquisition integration and other costs; (iii) writedowns of banking house assets and related lease termination costs; (iv) severance-related costs; and (v) charges related to executive-level management separation costs, are generally also excluded when calculating the efficiency ratio. Effective in 2016, recurring writedowns of banking house assets and certain severance-related costs are no longer considered to be non-operating expenses. Operating earnings per common share is derived by determining the per common share impact of the respective adjustments to arrive at operating earnings and adding (subtracting) such amounts to (from) earnings per common share, as reported. Operating return on average assets is calculated by dividing operating earnings (annualized) by average total assets. Operating return on average tangible common equity is calculated by dividing operating earnings (annualized) by average tangible common equity. The operating common dividend payout ratio is calculated by dividing common dividends paid by operating earnings for the respective period.

The tangible common equity ratio is the ratio of (i) tangible common equity (total stockholders’ equity less preferred stock, goodwill and other acquisition-related intangible assets) (the numerator) to (ii) tangible assets (total assets less goodwill and other acquisition-related intangible assets) (the denominator). Tangible book value per common share is calculated by dividing tangible common equity by common shares (total common shares issued, less common shares classified as treasury shares and unallocated Employee Stock Ownership Plan ("ESOP") common shares).

In light of diversity in presentation among financial institutions, the methodologies used by People’s United for determining the non-GAAP financial measures discussed above may differ from those used by other financial institutions.
